Pro-Fit Flat Blades

A new advanced wiper blade has been produced by Wipers International, to provide the ultimate in wiping performance technology. The 'Profit Flat' wiper blade with its advanced design delivers pressure evenly along the entire length of the wiper blade providing a consistent and smoother wipe than conventional blades. The 'Profit Flat' wiper blade is durable and effective in all weathers. The 'Profit Flat' wiper blade has been engineered to work on modern curved windshields producing spectacular results.
